

K-LOVE allows access to Christian Contemporary music virtually uninterrupted in a family friendly environment. It is a very positive station in a very negative society. It is the only station where you don't have to worry about rude radio hosts, harsh words or cursing. K-LOVE keeps me updated on all the latest news. K-LOVE offers hope to those who may have no other place to turn. If K-LOVE was to be taken off the air many would have no access to the Christian music and encouraging words that help get one through day. K-LOVE is the only family friendly station available in my area.
